British Cheese Selection

Blue Monday

Blue: The famed cheese made by Alex James, better known for playing bass guitar in the 90's band Blur. I'd describe it as the love child of a traditional blue and a gorgonzola. It is smooth and creamy with a strong lingering taste. (Yorkshire) (V)

Tunsworth

Soft: A British camembert. Tunsworth packs a punch. It is a very strong cheese, enough to make a Frenchman weep! At the same time it is smooth and nutty with delicate earthy flavours that linger on the palate. (Hampshire)

Golden Cross

Goats: A smooth soft cheese made in Sussex. Full flavoured with hints of sweetness, made with raw goats milk and vegetarian rennet. (Sussex) (V)

Black Bomber

Cheddar: Award winning Black Bomber is loved for its immense depth of flavour and smooth creamy texture. (Snowdonia)
